Cover: Rose Chocolate 18017
Above: Alabaster 18004, MANNINGTON EDGE COLLECTION WALL BASE - Pewter 905

Graphite 18002, MANNINGTON EDGE COLLECTION WALL BASE - Iron 908

Blue Ice 18007, MANNINGTON EDGE COLLECTION WALL BASE - Deep Sea Blue 926

PERFORMANCE AND FEATURES

	AVAILABLE SIZE	Available in 6’
	WARRANTY	This product is backed by our Limited 5 year Commercial Warranty .

SUSTAINABILITY

	ENERGY LEADERSHIP	With one of the largest solar arrays in the flooring industry (3.3 acres in Salem NJ) and ambitious goals to improve energy efficiency by 25% over ten years, we have an ongoing partnership with the Department of Energy to lead manufacturing into smarter energy use, as well as to reduce related carbon emissions.
	WATER REDUCTION	Water is a precious natural resource and a key component in manufacturing. By investing in technology and a continual emphasis on efficiency and lean manufacturing, we have reduced our water use by more than 35% since 2007. We also actively help protect wetlands in the communities where we make flooring.
	SOLAR ARRAY	At 3.3 acres, we have one of the largest solar arrays in the flooring industry generating 1,000,000 kilowatt hours annually.
	US MANUFACTURING	Mannington is a fourth generation, family-owned company deeply committed to U.S. manufacturing. We make flooring in eight communities across the U.S., allowing us to provide the highest levels of service and quality in the industry, while supporting local economies and crafting quality, American-made products.
	ISO 14001	ISO 14001 is a global environmental standard that provides a system for continual improvement in environmental performance.
	3RD PARTY CERTIFICATIONS	Certifications help navigate the world of green marketing claims. So we invest in ISO-14001 and environmentally preferable product certifications including NSF/ANSI-140, NSF/ANSI-332, FloorScore, and Green Label Plus. All of our products contribute to multiple LEED and Green Globe credits.

SUSTAINABILITY

	SAMPLE RETURN	We offer a postage-paid return label for every commercial product sample that we ship. So when you are finished with your project, you can return the sample. We will send it on to the next user; and at the end of its useful life, we donate samples to local charities, churches, schools and civic groups.
	PURPLE MARTINS	In the mid-1980s, we began attracting migrating birds called Purple Martins to our New Jersey manufacturing campus as a more natural alternative to the use of pesticides. This “Purple Martin Project” has proven to be an incredibly environmentally friendly and cost effective way to control insects. Our employees are engaged in the banding and tracking of the birds.
	HONEYBEES	In 2009, as part of an effort to show how an industrial enterprise can co-exist with the agricultural & farming community and positively contribute to both, Mannington’s New Jersey corporate site began to house honeybees. We now have 5 hives in Salem, NJ and 4 in Eustis, FL. The honeybees are thriving and each year we are able to enjoy and share the honey produced.
EPD	ENVIRONMENTAL PRODUCT DECLARATION	EPDs communicate the comprehensive life cycle assessment of a product’s environmental impact and facilitate transparency. Our EPDs conform to international standards and are 3rd party verified by SSC and NSF International.
CE	CE MARK	Certifies that a product has met EU health, safety, and environmental requirements, which ensure consumer safety. Manufacturers in the European Union (EU) and abroad must meet CE marking requirements where applicable in order to market their products in Europe.
R	CLIMATE REGISTRY	Mannington is dedicated to reducing our greenhouse gas emissions by 25% over 10 years. Since 2007, a 10% reduction can be attributed to energy efficiencies, process efficiencies, and use of renewable energy. Additional information can be found on theclimateregistry.org.

SPECIFICATIONS

CONSTRUCTION	Inlaid sheet
AVAILABLE SIZE	Available in 6’ (1.83 m)
OVERALL THICKNESS	.080” (2.03 mm)
WEIGHT PER SQUARE YARD	5.9 lbs/yd² (3.10 kg/m²)
SQUARE YARD PER ROLL (MIN-MAX)	30-68 sq. yds. (25.1-59.6 sq. m.)
3RD PARTY CERTIFICATIONS	FloorScore, NSF/ANSI 332 Gold
WARRANTY	This product is backed by our Limited 5 year Commercial Warranty.
LEED	Mannington Commercial products contribute to multiple LEED credits.
STATIC LOAD LIMIT	500 PSI
SPECIFICATION (ASTM F-1303)	Type II, Grade 1, Class A
HUD/FHA REQUIREMENTS	Exceeds
COEFFICIENT OF FRICTION	COF ≥ 0.5 Leather; .06 Rubber
FLOORING RADIANT PANEL TEST (ASTM-E-648)	Passes - Class 1
N.B.S. SMOKE CHAMBER TEST (ASTM-E-662)	< 450, Passes
INSTALLATION ADHESIVE	V-81 / Full Spread
SEAM METHOD	Mannington Commercial Solid Weld Rods Heat welding is the recommended procedure for healthcare and high traffic applications. Visit www.manningtoncommercial.com for weld rod information.
