## The Texture of Contrast

Designed in collaboration with London-based industrial design firm Ryan Harc: three richly textured patterns explore the depth of light and shadow, rendered as pure texture and expressed in a high fashion aesthetic. Available in modular and broadloom to tailor to your space.

• Specifications are based on averages from normal manufacturing tolerances. Such variations do not affect product performance.

• Protective chair pads are recommended under office chairs with roller casters to preserve appearance and avoid premature wear.

• As with all quality carpets, slight variation in color may occur from dye lot to dye lot.

• Backing or other materials may be changed without prior notice when shortages occur or when technological advancements provide improved product performance.

• This product is intended solely for use as an indoor floor covering and is not recommended or sold for any other purpose.

• The inherent characteristics of geometric linear patterns can result in double-dark or double-light lines at the seam and to some extent pattern run-off or bias. This is not a manufacturing defect, and as such, should be considered when selecting a modular carpet installation method.

• Please make your final selection from an actual swatch. To order samples, go to [manningtoncommercial.com](https://manningtoncommercial.com) or call 800.241.2262 ext. 6913.
