A Mysterious Natural World

The Dark Skies Collection was created from a visit to the Headlands International Dark Sky Park, a wilderness where natural darkness is protected from light pollution. The goal was to see stars, but storms produced an inky blackness at night and eerie light during the day. Dark Skies explores this experience of a shadowy, mysterious natural world. A study in the artistic sublime, the three patterns of modular tile allow designers to build subtle, atmospheric drama into their spaces.

- Specifications are based on averages from normal manufacturing tolerances. Such variations do not affect product performance.
- Protective chair pads are recommended under office chairs with roller casters to preserve appearance and avoid premature wear.
- As with all quality carpets, slight variation in color may occur from dye lot to dye lot.
- Backing or other materials may be changed without prior notice when shortages occur or when technological advancements provide improved product performance.
- This product is intended solely for use as an indoor floor covering and is not recommended or sold for any other purpose.
- The inherent characteristics of geometric linear patterns can result in double-dark or double-light lines at the seam and to some extent pattern run-off or bias. This is not a manufacturing defect, and as such, should be considered when selecting a modular carpet installation method.
- Please make your final selection from an actual swatch. To order samples, go to manningtoncommercial.com or call 800.241.2262 ext. 6913.
