ENDLESS POSSIBILITIES

REMARKABLE LVT DESIGNED FOR ANY PROJECT

MANNINGTON
COMMERCIAL

IMAGINE IT, THEN INSTALL IT.

With the Amtico Collection from Mannington Commercial, it is possible to install any design that you can imagine. Explore the possibilities that LVT makes reality, drawing from the broadest portfolio of aesthetics in the industry, and a wide range of sizes for tiles and planks, including oversized formats.

Then select one of three pathways into your custom project:

- COMBINE running line products into unique and intriguing designs;
- CHOOSE from our collection of signature designs and layouts for your spaces;
- CREATE your own design - imagine it, then install it.

Choose from hundreds of Amtico Collection products to insert into your design – whether inspired by nature or abstract designs, bold or subtle visuals, sophisticated or modern patterning. Then select the perfect colors, and the right placement of each.

A dedicated CAD team brings design and technical expertise to every stage of the process. Ensuring that your product looks and performs to our exacting standards.

COMBINE

RUNNING LINE PRODUCTS

Are you inspired by unique and intriguing combinations of running line styles and sizes? No problem.

Because beautiful Amtico products already come in a wide range of tiles and planks, it's simple to create distinctive and beautiful combinations of existing formats. Mix and match. Try different options until you get the perfect look.

All you have to do is let us know the style and format combinations. We'll take it from there.

CHOOSE

FROM OUR SIGNATURE MOTIFS

Does one of the signature designs and motifs on our website catch your eye? It's easy when you start with "Apt," our custom app (available on our website and in the App store).

Use Apt to select a pre-designed motif or layout, created by our team of in-house designers. Then drop in styles and colors, to see a virtual installation in seconds. Try other visuals and virtually install again (and again) until you find the perfect combination.

BRINGING LVT PRODUCTION BACK TO THE USA

We are a fourth generation, family-owned company that makes flooring in eight communities across the US – deeply committed to the places where we work, to keeping people employed and manufacturing quality, American-made products.

America is rediscovering the importance of manufacturing jobs for our economy and our future. Jobs build communities; when they disappear, so does our ability to stand strong and grow.

Since the acquisition of Amtico in 2012, we have been onshoring production of LVT, bringing manufacturing back to the USA, from Asia. In 2013 alone, this led to a 30% increase in jobs in our Georgia-based manufacturing plants – helping keep local communities and economies strong, and enhancing our ability to bring the best service and quality in the industry. Today, orders of our standard LVT ship in 7-14 business days, while LVT sourced from Asia typically requires a lead time of at least 14 weeks. And totally custom floors can be created and shipped in just a few weeks.

Mannington is making better LVT, better – for domestic jobs, American manufacturing communities, a reduced carbon footprint, reduced costs and improved customer service. When you order LVT from Mannington, you're part of this mission.
