SIGNATURE INSTALLATION METHOD

The **Against the Grain Collection** from Mannington Commercial was designed with flexibility in mind. Each pattern can be installed as a stand alone design or use multiple patterns in combination for a unique aesthetic tailored specifically for your space. Our Signature Installation Methods bring that high design, customized look to any interior project.

Our Boxweave installation is simple. Simply follow the below diagram using With the Grain and Cross Grain from the Against the Grain Collection. Contractors should confirm the correct installation method prior to installation.
