

## MR-710 Moisture-Cured, Urethane Adhesive

**Description:** MR 710 is a solvent free, single component polyurethane adhesive formulated specifically for use with Mannington Commercial ReSet Recycled Rubber Sports Flooring tile and sheet products. MR 710 contains antimicrobial protection and is freeze thaw stable.

**Uses:** Spread MR 710 evenly with the proper trowel. Open time is influenced by substrate porosity and atmospheric conditions (i.e. temperature, humidity, and air movement.) For best results maintain adhesive, floor covering, and room at a stable temperature of 65° F to 85° F for 24 hours before and after installation. Within 30-40 minutes, cut, fit and reposition the floor covering as recommended. Roll the installation using a three-section 100 lb roller.

### **Specifications:**

Adhesive type	Single component moisture cured, urethane
Quantity	4 gallon pail (Order code ----700536)
Unit Weight	55.5 lbs
Color	Tan
Flashpoint	>500 F
VOC	0- calculated
Shelf life	1 year in unopened container
Coverage	approximately 95 sq. ft. per gallon using a 1/16" X 1/16" X 1/16" square -notched trowel
